GRI 102: General Disclosures

102	General Disclosures	Related content	Location
102	Organisational profile		
102-1	Name of the organisation	Origin Energy Limited	
102-2	Activities, brands, products and services	<p>Origin Energy (ASX: ORG) is one of Australia's leading integrated energy companies. Origin has the leading energy retailing position in Australia with 4.2 million electricity, gas and LPG customer accounts, and has significant positions in power generation and natural gas production. Our activities also include energy trading, centralised energy services, metering, new energy solutions such as solar and storage, and the development of other new and emerging technologies. The Company has 5,565 employees.</p> <p>Origin is the upstream operator and 37.5 per cent shareholder in Australia Pacific LNG. Australia Pacific LNG holds Australia's largest coal seam gas (CSG) reserves base and is the largest LNG facility on the east coast.</p> <p>Origin's 2018 Operating and Financial Review includes a complete list of all controlled entities.</p>	Operating and Financial Review
102-3	Location of headquarters	Level 32 International Tower One 100 Barangaroo Avenue Barangaroo NSW 2000 Australia	Sustainability Report
102-4	Location of operations	<p>Where we operate</p> <p>Unless otherwise stated, the sustainability issues covered in Origin's 2018 Sustainability Report are specifically relevant to Origin's operated activities in Australia.</p>	Shareholder Review
102-5	Ownership and legal form	Operating and Financial Review	Operating and Financial Review
102-6	Markets served	<p>Energy and climate change</p> <p>Customers</p> <p>Where we operate</p>	<p>Sustainability Report</p> <p>Shareholder Review</p>
102-7	Scale of the organisation	GRI Standards: General Disclosures 102-2	GRI Supplement
102-8	Information on employees and other workers	Performance data	Origin website: Sustainability
102-9	Supply chain	<p>Procurement</p> <p>Procurement management approach</p>	<p>Sustainability Report</p> <p>Origin website: Sustainability</p>
102-10	Significant changes to the organisation and its supply chain	<p>Procurement</p> <p>On 31 January 2018, Origin completed the sale of Lattice Energy to Beach Energy with an economic effective date of sale of 1 July 2017. Lattice Energy is treated as a discontinued operation within Origin's Operating and Financial Review.</p>	<p>Sustainability Report</p> <p>Operating and Financial Review</p>
102-11	Precautionary Principle or approach	<p>Corporate Governance Statement</p> <p>Origin assesses the environmental and social risks associated with projects and operations. Projects are developed with precautionary engineering and management measures in place to mitigate or manage key environmental and social risks, and operations are managed using policies and procedures to control remaining environmental and social risks. Environmental and social risk management is subject to periodic audits and assurance.</p> <p>Origin operates its business in accordance with the HSE Management System through the HSE Management Directive and the HSE Risk Controls Directive mandates the minimum requirements for Origin business units to develop, implement and maintain an integrated system for the management of health, safety and environment risks and/or impacts. The HSE Management System is aligned with Origin's HSE Policy and the current versions of recognised international management system standards including ISO 14001, OHSAS 18001, ISO 31000 and AS/NZS 4801 and supports the company's compliance with applicable law regarding HSE.</p> <p>Origin's HSE Management System is premised on adopting a risk based approach to decisions relating to its activities, products and services. Key activities such as major projects are risk assessed during early planning. Risk identification, assessment and control continue throughout the project lifecycle.</p>	Corporate Governance Statement

102	General Disclosures	Related content	Location
102	Organisational profile (continued)		
102-12	External initiatives	<p>Ratings and benchmarks</p> <p>Human Rights Policy</p> <p>On 21 October 2015 Origin was the first energy company in the world to sign up to seven climate change initiatives under the global We Mean Business coalition.</p> <p>Origin has participated in the annual CDP Climate Change and Water surveys since 2006 and 2016 respectively, and was included in the FTSE4Good Index and the Euronext Vigeo – World 120 Index during the reporting period. Origin’s level of sustainability disclosure was reviewed by the Australian Council of Superannuation Investors (ACSI) and assessed at a ‘Leading’ level within the Energy and Utilities sector. A rating of ‘Leading’ demonstrates to investors that the company has consistently outperformed others in their sustainability disclosure, and seeks to ensure that their reporting on sustainability risks prioritises the needs of shareholders by addressing the range of material risks¹. This level of reporting gives investors valuable information to inform their investment decisions.</p> <p>Origin commits to abiding by all applicable laws and regulations in the places we conduct our activities. In addition, Origin’s activities are guided by:</p> <ul style="list-style-type: none"> • International Bill of Human Rights <ul style="list-style-type: none"> – Universal Declaration of Human Rights – International Covenant on Civil and Political Rights – International Covenant on Economic, Social and Cultural Rights • United Nations (UN) Guiding Principles on Business and Human Rights • UN Declaration on the Rights of Indigenous Peoples • International Labour Organisation (ILO) Fundamental Conventions • ILO Indigenous and Tribal Peoples Convention, 1989 (No. 169) <p>In instances where security personnel are engaged, Origin commits to abiding by all applicable international law enforcement principles including:</p> <ul style="list-style-type: none"> • UN Basic Principles on the Use of Force and Firearms by Law Enforcement Officials • UN Code of Conduct for Law Enforcement Officials • Voluntary Principles on Security and Human Rights 	<p>Sustainability Report</p> <p>Human Rights Policy</p>
102-13	Membership associations	<p>Origin is an active member of a number of industry and business associations that are peak industry bodies for the major business areas in which we operate. These include the Business Council of Australia (BCA), Australian Petroleum Production and Exploration Association (APPEA), Australian Energy Council (AEC) and Clean Energy Council (CEC).</p> <p>Senior executives of Origin are on Boards and Committees of some of these associations and from time to time we hold Chairmanship and other key positions. Our commitment to these organisations is substantial and strategic and we often contribute expertise, project fees and other resources beyond routine membership obligations. Frank Calabria is a Board Member of the AEC and APPEA and member of the BCA Energy and Climate Change Committee.</p>
